-  **8th March**
Mercury at Greatest Eastern Elongation
-  **9th March**
Conjunction of Mars and the Moon
-  **14th March**
Full Moon (Blood Moon)
-  **20th March**
March Equinox
-  **29th March**
New Moon

APRIL

-  **5th April**
Close encounter of Mars and the Moon
-  **8th April**
Conjunction of Venus, Saturn, & Mercury
-  **13th April**
Full Moon
-  **21st April**
Mercury at Greatest Western Elongation
-  **22nd April**
Lyrids Meteor Shower Peaks
-  **25th April**
Conjunction: Moon, Venus, Saturn & Mercury
-  **28th April**
New Moon

MAY

-  **4th May**
Conjunction Mars and the Moon
-  **6th May**
Eta Aquarids Meteor Shower Peaks
-  **13th May**
Full Moon
-  **23rd May**
Conjunction of Saturn and the Moon
-  **24th May**
Conjunction of Venus and the Moon
-  **28th May**
New Moon
-  **31st May**
Venus at Greatest Western Elongation

JUNE

-  **1st June**
Conjunction Mars and the Moon
-  **10th June**
Lunar occultation of Antares & the Moon
-  **11th June**
Full Moon
-  **19th June**
Conjunction of Saturn and the Moon
-  **21st June**
June Solstice
-  **22nd June**
Close encounter of Venus and the Moon
-  **25th June**
New Moon

JULY

-  **4th July**
Mercury at Greatest Eastern Elongation
-  **8th July**
Venus near M45
-  **11th July**
Full Moon (Hay Moon)
-  **16th July**
Close encounter of Saturn and the Moon
-  **25th July**
New Moon
-  **28th July**
Delta Aquarids Meteor Shower Peaks
-  **30th July**
Alpha Capricornids Meteor Shower Peaks

AUGUST

-  **9th August**
Full Moon (Green Corn Moon)
-  **11th August**
Conjunction of Jupiter and Venus
-  **12th August**
Conjunction of Saturn and the Moon
-  **13th August**
Perseids Meteor Shower Peaks
-  **19th August**
Mercury at Greatest Western Elongation
-  **23rd August**
New Moon

SEPTEMBER

-  **7th September**
Full Moon (Harvest Moon)
Total Lunar Eclipse
-  **8th September**
Conjunction of Saturn & the Moon
-  **17th September**
Close approach of Jupiter & the Moon
-  **19th September**
Close approach of Venus & the Moon
-  **21st September**
Saturn at Opposition
-  **22nd September**
New Moon
Partial Solar Eclipse
-  **23rd September**
September Equinox
Neptune at Opposition

OCTOBER

-  **5th October**
Conjunction of Saturn and the Moon
-  **7th October**
Full/Super Moon (Hunter's Moon)
Draconids Meteor Shower Peaks
-  **14th October**
Conjunction of Jupiter & the Moon
-  **21st October**
